The second social feature of the convention, which opened with a reception at the Hamilton Hotel Monday night, will close with an automobile tour of the Fair grounds this morning. The automobiles will leave the Hamilton at 19 a. m. Washington, May 10 .- Colonel Edwards, Chief of the Insular Bureau of the War Department, to-day received from Mayor Patrick A. Collins of Boston a reply to a letter he wrote regarding the entertainment of fifty Philippine representatives who will visit Eastern cities, saying that the municipality of Boston will not entertain such a delegation.

Colonel Edwards, on the 5th inst., wrote the Mayor of Boston, saying that the cities of New York and Philadelphia proposed to entertain such a delegation.

Mayor Collins says that the delegation represents purely commercial bodies and that any courtesies should be extended by commercial organizations. He refers to a ommunication from chairman Wilson of World's Fair to the Boston Chamber of Commerce, and says that the Board of Directors of that body decided that as the proposed visit could not be regarded as of much commercial importance to the city, the entertaining of the delegation did not come within the scope of the functions of that organization.

Mayor Collins concludes:

"I cannot see how the municipality can possibly be involved in their reception and possibly be involved in their reception and content of the present state of the content of the conten the Philippine exhibit at the St. Louis

RAINLAND MAY RUN MATCH WITH BUGLER.

waters Both Willing for Such a Con test, but Goldblatt Shipped to Worth Last Evening.

As a result of Rainland's poor showing in the Mound City Derby at Delmar last Saturday, a match race between the Gold-blatt colt and Tom Hayes's Eugler seems likely for the near future. Both owners have expressed their willingness for such a match. Mose Goldblatt departed for Worth rast

night, shipping his entire stable. He had proviously challenged Hayes to race Bugler over a mile and an eighth at the same weights Rainland and Bugler carried in the Derby, Hayes expressed himself as willing for such a contest, but did not meet Goldblatt until after the latter had placed his stable on the cars. Goldblatt, however, returned post haste

to Deimar yesterday afternoon and spent some time searching for Hayes, Palling to find him, he placed a forfeit of \$200 in the hands of State Senator R. J. Collins and \$300 with G. Fisher, to bind any match that might be arranged.

"All that I ask is that the race be run In the morning, so that there will be no betting," said Goldblatt, "as I don't want people to say that this race was run for bookmaking purposes. I know Rainland

can beat Bugier and am ready to back my judgment. "I will race at Delmar, the Fair Grounds or Worth. I have posted \$200 to guarantee transportation expenses for Mr. Hayes if he cares to ship to Worth for the match, If he decides to come, I will bet him \$1,000 that Rainland can beat Bugler. If he

allow me \$300 for shipping expenses. "The other \$300 was to prove that I will not back out. If I fall to meet any agreement, Mr. Fisher will turn that 300
over to Hayes. I will let Hayes select
starter and judge. Mr. Dade and Mr.
Murphy are perfectly acceptable to me.
Hayes was not located until late in the
afternoon. He had stated, however, that
he was willing to race Bugler against
Rainland, so the match will probably be
arranged for the near future. As an alternative, Goldblatt stated that if either
the Delmar or Worth association furnished a race in which both 5-year-olds
could start, he would be willing to start
Rainland in any sized field, if the purse
was commensurate with the amount of the
side bet. not back out. If I fail to meet any agree;

BARTENDERS MAY STRIKE St. Louis Delegate Brings Matter

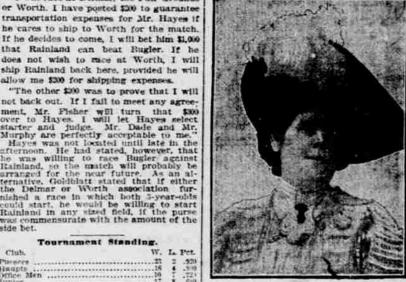

Before Convention. Rochester, N. Y., May 10 .- A St. Louis delegate to the Convention of Hotel and Restaurant Employes' Association, in ses-

sion here, introduced a resolution which threatens a strike of waiters and bartenders in St. Louis. The resolution provides that one member of the Executive Board and one or-ganizer shall proceed at once to St. Louis and take charge of the situation. If necessary, the resolution reads, a gen-eral trike will be called, the strikers to receive financial assistance from the na-tional organization.

Members of the organization in St. Louis stated last night that at present there are differences regarding wages and hours between the men and the employ-ers, but were of the opinion that the mat-ter will be adjusted without a strike.

"I have seen TO-NI-TA perform miracles I recall in occasion when I was playing at the Circle Theater. New York. Among the specialists was a thrilling act by Miss Adile, the lion tamer, who went through such a daring and blood-freezing performance with the animals while in the cage. Well, on the afternoon in question, Adile somehow lost her nerve and went all to pieces, so that her afternoon act had to be omitted. The poor girl came to me in great distress, and after teiling me that she could not go on. I at once proceeded to feed her on TO-NI-TA, and when the curtain was rung up on her performance that night she had recovered her nerve and courage, and gave one of the greatest acts of her life. I don't knew from whence or in what manner Dr. Lorentz derived his inspiration, but I do know that TO-NI-TA is one of the greatest acts of her life. I don't knew from whence or in what manner Dr. Lorentz derived his inspiration, but I do know that TO-NI-TA is one of the greatest godsends to mankind.

It makes no difference how run down, weak, wasted or hervous you may be, TI-NI-TA will build you up and restore you to health and strength. Miss Dressler is but one of many thousands who have been restored through its marvelous powers. You will feel better with the first few doses and soon be cared completely. Of course, I lest fiesh from the consuming fever, and my nervous system was almost a wreck, so that when I commenced to recover it became necessary for me to take a strong tonic stimulant—something that would build up my wasted and shattered condition. At this time a friend told me of the great healing and vitalizing powers of TO-Ni-TA, the new and wonderful Mucous Membrane Bitters discovered by Dr. Lorenz, and with the approval of my own physician. Dr. Henry W. Francathal, I commenced to take it. I must say that from the very starf it gave me fresh vigor and vitality and acted like magic in bringing me back to health and strength. It contains some latent and subtle power, and its nourishine, vitalizing and healing qualities are really miraculous. When I got on my feet I soon became thred and exhausted, and before starting for the theater I always took some of my beloved TO-Ni-TA, as it juspired me instantly with courage and strength, and I had no difficulty in going through the performance.
